Education

Tirumula Junior College 2020
Class XII (Percentage: 95%) *Rajahmundry, Andhra Pradesh*

Indian Institute of Information Technology, Sri City Expected May 2025
B.Tech in Electronics and Communication Engineering (CGPA: 7.7 / 10) *Sri City, Andhra Pradesh*

- **Relevant Coursework:** Object-Oriented Programming in C++, Data Structures and Algorithms, Pattern Recognition, Discrete Structures and Matrix Algebra, Probability & Statistics.

Projects

WorkoutBuddy | *Reactjs, Nodejs, MongoDB, Express.js, CSS, HTML* | **GitHub Link**

- Built a full-stack website using ReactJS for the frontend and Node.js with MongoDB for the backend.
- Flourished a 5 RESTful APIs to optimize data transfer, resulting in faster data transfer speeds.
- Enhanced secure authentication using JWT tokens and utilized React Context to reduce load time.
- Utilized Git for version control, enhancing change tracking and team collaboration.

GreenLeaf Nursery | *Next.js, Reactjs, MongoDB, tailwind, styled-components)* | **GitHub Link**

- Developed a full-stack ecommerce platform using Next.js and MongoDB for backend data storage.
- Implemented responsive design and styling with Tailwind CSS and Styled Components to enhance user interface and experience.
- Integrated next-auth for authentication, reducing login time when compared to traditional methods.
- Integrated various functionalities including admin authentication, product management, and checkout processes to create a seamless shopping experience.

Financial Management System | *C++, MySQL* | **GitHub Link**

- Developed a comprehensive Financial Management System using C++ with Object-Oriented Programming (OOP) principles and SQL for data storage and management.
- Implemented OOP principles resulting reduction in code complexity, enhancing scalability and maintainability for future updates.
- Integrated MySQL database for efficient data storage and retrieval, ensuring data integrity and security.

Technical Skills

Languages: C, C++, HTML, CSS, JS
Web Frameworks: ReactJS, NextJS, Express.js, Node.js, Bootstrap, tailwind CSS, Styled-Components, REST API .
Developer tools: VS Code, Matlab, MySQL.
Cloud/Databases: MongoDB, MySql

Positions of Responsibility

- House captain, Inter-House Sports Fest, IIIT Sricity, Techno Cultural Sports fest among 4 houses.
- Coordinator, Abhisarga (Annual College Fest), IIIT Sricity, coordinating activities for 1000+ attendees.

Social Engagements

Club Member : Mise-en-Scene , Film Club, IIIT Sricity , organized more than 5 film related events per semester
Volunteer: Participated in Swachtha Hi Seva Campaing and 3 other NSS events
Sports-Engagements: Represented IIIT Sricity in the IIT Tirupati Sports Fest, participating in the cricket tournament and 10+ events in my college.
